THOUGHT PARTNERSHIP

As your thought-partner, we'll lend the expertise of our team to collaboratively create a solution that addresses your unique challenges, goals, and timeframe.

CUSTOMIZABLE

You can choose from a variety of modules that support 8 essential workplace competencies and a wide range of disciplines and industries.

INNOVATIVE TECHNOLOGY

Modules come in the form of simulations, micro-case studies, and dynamic course content comprising of informative text, video, sound clips, activities, and quizzes. Pick and choose the solutions that will work best for you.

REAL SOLUTIONS

Modules can be used to enhance courses or training, develop the foundational business knowledge, ensure learners know how to write well, and close the gap between theory and application.

THE PEREGRINE EXPERIENCE

Our team is here to support you through every step of implementation. Our role is ongoing as we provide technical and consultative support to your team and learners.

The 8 Key Workplace Competencies

The National Association of Colleges and Employers defines career readiness as the attainment and demonstration of requisite competencies that broadly prepare college graduates for a successful transition into the workplace. The **Leading Edge Learning: Competency-Based Modules** listed support the development of the competencies most indicative of success in the workplace.
