Structure

It is a fully online assessment with a unique design that allows for non-proctored administration to both on-campus and remote students in a secure test environment.

Topics

The assessment offers 11 topic areas to choose from, according to your program's key learning objectives.

Customization

Our flexible design lets you create assessments that best align with your Public Administration general program as well as specializations.

Support

Unmatched client support to assist with your test administration and report interpretation every step of the way. We also provide LTI integration so the assessment can be administered through a course shell within your school's LMS.

Comprehensive Reporting

You receive immediate access to all institutional and individual assessment scores/results. This intuitive and flexible reporting system generates a wide range of comparative reports for instance customizeable by time, cohorts, programs, locations for sophisticated in-depth analysis.
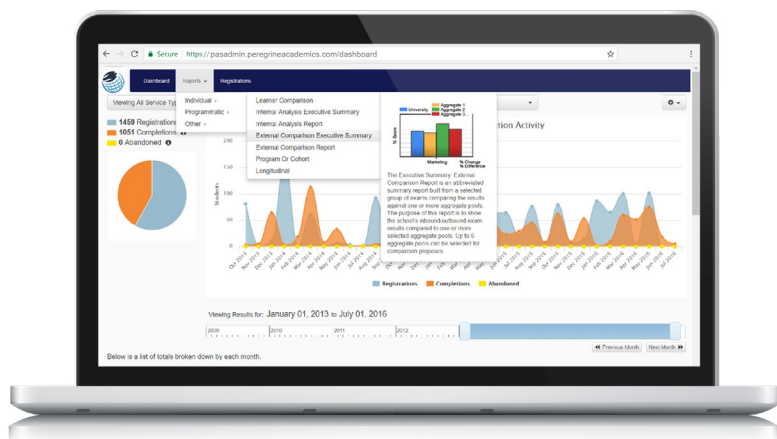

Results and Reporting

School officials have 24/7 access to student results and reporting through Client Admin. Reports are used for academic benchmarking and learning outcomes evaluation.

The site includes student registration management, access to completion certificates and individual scores, and summative reports for comparative analysis.
