WRITE & CITE: ACADEMIC WRITING READINESS

Overview

Write & Cite® provides learners with foundational instruction in academic writing. Clear thinking manifests as strong writing in all walks of life. However, in academic settings, writing must also resonate with specific audiences and adhere to structured formatting guidelines. This module will help learners develop skills to navigate the nuances of academic writing, create consistent paper formats, and appropriately cite sources. The module guides learners through the basics of thinking critically, defining research questions, finding credible sources, and crafting flawless papers.

The 8-section module can be customized to teach APA, MLA, or CMOS documentation styles along with instruction regarding word choices, tone, paper organization, literature-based research, and techniques to avoid plagiarism. Each section covers topics related to academic writing that contain interactive components designed to facilitate retain the information.

Write & Cite® is designed to give learners the skills needed to write, format, and properly cite academic projects and dissertations. More than just a formal requirement, proper citation is imperative to respectfully borrow and expand upon others' ideas.

In addition to the instructional materials provided here, learners are encouraged to consult the official style manual used in on their programs. These are:

- APA: Publication Manual of the American Psychological Association, 7th Edition (2020) <https://doi.org/10.1037/0000165-00>
- CMOS: The Chicago Manual of Style, 17th Edition (2017) <https://doi.org/10.7208/cmos17>
- MLA: Modern Language Association Handbook 8th Edition (2016) <https://style.mla.org/>

Learners

This module is designed for learners who skill with APA, MLA, or CMOS styles of professional writing.

The module may qualify for Continuing Education Units (CEU) for professional certifications depending on the professional association.

Module Authors

The author for this module is Peregrine Global Services headquartered in Gillette Wyoming and includes materials from a variety of sources as indicated within the module.

Learning Outcomes

The learning outcomes for the module are as follows. With the completion of this module, learners should be able to:

1. Identify the structure and formatting of academic papers following APA (American Psychological Association) style, MLA (Modern Language Association) style, or CMOS (Chicago Manual of Style) guidelines.
2. Recognize and apply appropriate methods for developing and expressing ideas.
3. Identify a research problem and choose appropriate questions to develop and assess the problem.
4. Select credible sources to address research questions and support analysis.
5. Describe plagiarism and its consequences and identify techniques for appropriately crediting the ideas of others.
6. Differentiate purpose, tone, format, and structure used in common types of academic writing.
7. Choose words that convey meaning and nuance appropriate to a paper's purpose.
8. Use feedback to correct errors in style, structure, and content.
9. Enforce proper grammar and syntax through uniform verb tense, subject-verb agreement, parallel construction, and consistent phrasing.
10. Use feedback to correct errors in style, structure, and content.
